AsOC Elite Classes

| | Individual (Sprint / Middle) | Middle Relay (3 Legs) | Age Limit |
|------------------|------------------------------------|--------------------------|-----------------------|
| Elite Classes | M/W 18E | M/W 18E | Born in or after 2000 |
| | M/W 20E | M/W 20E | Born in or after 1998 |
| | *M/W 21E | M/W 21E | No Age Limit |

**Registered participants are eligible for Asian Cup and WRE scores.*

All competitors must be full passport-holding citizens of the country they are representing.

Competitors representing member Federations of the IOF, defined by the International Olympic Committee as belonging to the Asian continent, can compete in AsOC.

Competitors representing other member Federations of the IOF can participate in AsOC but will not be eligible for Asian titles, medals or diplomas.

Federations may enter up to 10 men and 10 women in each Elite class of the individual competitions.

In the Middle Relay competitions, a federation may enter a maximum of 2 teams in each gender category, but only the better-placed team will be counted in the prize list.

The remaining competitors of each Federation who are not running in the official relay teams can form team(s) and run the relay in the respective open classes, however, they are not eligible for any prize.

As stated in the AsOC rules, the starting order for the individual competitions shall be drawn at random. The draw shall be made in three starting groups (early, middle, late). Therefore, the team officials have to complete and return the Grouping List as attached at the end of the Bulletin to the organiser as soon as possible to facilitate the start draws. The deadline for the submission of start groups for Sprint and Middle events is 22 Dec 2018 before 14:00 hours while the deadline for the submission of the entry list for Middle Relay is 25 Dec 2018 before 14:00 hours. The start lists for the respective competitions would then be issued during the TOMs.

In each individual competition each Federation shall allocate its competitors to 3 starting groups. Before allocating a second competitor to a group, a Federation shall allocate one competitor to each group. Any single outlying competitor can choose which group to start. If a

Federation fails to allocate its competitors to starting groups, the organiser shall decide the allocation.

AsOC Open Classes

| | M/W 65 | M/W 65 | Born in or before 1953 |
| M/W 70 | | Born in or before 1948 | |

Open Classes are open to all participants, yet the minimum age is 10 years old.

The organizer reserves the right to combine classes with less than 4 entrants.

5. Maps, Courses and Terrains

Sprint Distance – Sheung Shui Heung

Scale: 1:4,000 / Contour Interval 2m

New map produced in 2018 in accordance to ISSOM2007

Terrain

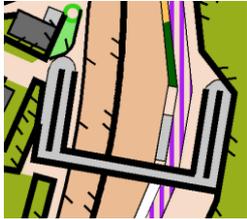

The competition zone comprises 2 different areas: (1) Historic walled villages, with its construction founded between 1584 and 1898. The original moat and some of the buildings are still retained. Combine of narrow lanes/passages and rest gardens/children playgrounds. Usual Sunday morning traffic is expected. (2) School campus combine of complex buildings and playground/flower beds. Both areas are very flat with almost no climbing. Paths and roads are mostly paved or asphalted. Visibility and runnability are very good.

The western (villages) and eastern (school campus) parts are separated by a busy road. You must use the designated footbridge to cross (shown as marked route on the course map) otherwise you will be disqualified.

We are sharing the venue with the villagers and public. Remember that orienteers do not have the priority to use. Take care, especially where visibility is limited.

There is no particular hazard yet competitors are reminded to beware of unleashed dogs and vehicular access despite traffic control shall be implemented. Competitors are also reminded to respect the local residents by reducing noise during competition.

Map

The map is produced to ISSOM 2007 standard and offset printed on A4 waterproof paper. It is 7 colour, 1:4,000 scale and with 2 m contour intervals. There is a footbridge over a busy road. Technically the footpaths under the bridge appear that obstructed by an uncrossable wall, in fact it is 5m above your head. See the sample map to show this area. It is obvious when you get there but may not be at the point where you decide to go that way.

Cycling tracks and a few locations are marked “out of bounds” using purple stripes, as shown in the sample map. Running or crossing those areas is dangerous and may result in disqualification.

Special symbols used: ✕ Grave and ✕ Tree Stump

1:7,500 enlarged maps for junior and senior classes

New map produced in 2018 in accordance to ISOM2017

Terrain

Situated at the western part of the highest peak in Hong Kong, the venue is hilly with steep slopes and deep valleys. The highest hill in the area is around 470m above sea level. The competition area is covered by mixed vegetation, with about 15% of the area covered by white forests, another 25% covered by open and rough open area while the remaining 60% are covered by dense vegetation. Part of the area is dominated by extensive of boulder fields and stony ground which may hamper running speed. However, the area also covered by wide path networks and open areas which provide good visibility and runnability.

Stray cattle appear in area and will not do any harm to human. However, competitors are advised not to provoke or frighten the cattle and stay away from them as far as possible.

Map

Due to the recent damage caused by the typhoon, lots of fallen trees and branches are found in the competition area and the vegetation of the affected area has been updated. However, competitors should take care on some affected areas off the predicted routes areas which may not be updated.

Middle Distance Relay – Yuen Shan, Kam Tin

Scale: 1:10,000 / Contour Interval 5m

New map produced in 2018 in accordance to ISOM2017

The competition arena lies on a flat alluvial plain at the north western side of Tai Mo Shan and east of Yuen Long town. Yuen Shan is composed of farmland, wetland, villages and semi-open hills. Most of the area are covered by open to rough open vegetation and together with the wide-spread of path network enable good visibility and runnability. Hundreds of graves can be found in the area due to the favourable 'Feng Shui' of the area,

There are no particular hazards within the venue. However, there are graves in vicinity of the villages. Respecting the ancestors to the villagers, competitors are advised to not to step across the graves. There is occasionally the appearance of a water buffalo which causes no harm to the human beings.
